If you cannot tell us your preference, we may share information when we believe it is in your best interest or to lessen a serious and imminent threat to health or safety. We do not use or disclose your information for marketing, sale of information, or most psychotherapy notes without written permission, unless law permits or requires otherwise.

To the extent that Embrace creates, receives, or maintains substance-use-disorder patient records subject to 42 CFR Part 2, those records and testimony relaying their information may not be used or disclosed in a civil, criminal, administrative, or legislative proceeding against you without your written consent or the applicable court-order process and subpoena or other legal requirement.

Our responsibilities

We are required by law to maintain the privacy and security of protected health information, notify you promptly if a breach may have compromised its privacy or security, follow the duties and privacy practices in this Notice, and give you a copy.
